Sun, 10 Aug 2014 23:58:00 GMT Psychological Effects of Growing Up Without a Father ... - Never before in this country have so many children been voluntarily abandoned by their fathers. Never before have so many children grown up without knowing what it means to have a father. Fatherlessness is the most harmful demographic trend of this generation. It is the leading cause of declining child and adult wellbeing in our society. Wed, 07 Nov 2018 18:23:00 GMT The 9 Devastating Effects Of The Absent Father - Put simply, boys without dads have a tougher time learning to be and act like men. They are less well-equipped to be husbands and fathers. In tandem with the effects of fatherlessness, our society has so idolized radical sexual autonomy (at-will sexual intimacy for the sake solely of pleasure) that many young men view young women primarily as means of gratification.
