necessary human regulatory function which is under individual control, deliberate and self-initiated.. Some place self-care on a continuum with health care providers at the opposite end to self-care. In modern medicine, preventive medicine aligns most closely with self-care. A lack of adherence to medical advice and the onset of a mental disorder can make self ... Self-care - Wikipedia - Note-taking (sometimes written as notetaking or note taking) is the practice of recording information captured from another source. By taking notes, the writer records the essence of the information, freeing their mind from having to recall everything. Notes are commonly drawn from a transient source, such as an oral discussion at a meeting, or a lecture (notes of a meeting are usually called ... Note-taking - Wikipedia -
